15th Conference on Logic and the Foundations of Game and Decision Theory (2024)

CONFERENCE AGENDA

WEDNESDAY, 26TH JUNE

LOCATION: GWII S8

9:50	Arrival and Welcoming
10:00-10:40	<i>Gaia Belardinelli</i> (University of California, Davis) and Burkhard Schipper : "Tacit Knowledge"
10:45-11:25	<i>Sena Bozdag</i> (University of Bayreuth) and Olivier Roy: "Common Knowledge and Publicity"
11:25-11:45	Coffee break
11:45-12:50	Keynote talk: Thomas Bolander, Technical University of Denmark: "Implicit coordination for epistemic planning and human-robot collaboration"
12:55-13:20	<i>Mehmet Ismail, King's College London</i> : "Human and Machine Intelligence in n-Person Games with Partial Knowledge: Theory and Computation"
13:20-14:20	Lunch break
14:20-15:00	<i>Andrés Perea, Maastricht University</i> : "Consequentialism in Decision Problems and Games"
15:05-15:30	<i>Tom Wysocki, Georg August University of Göttingen</i> : "Causal Decision Theory for The Probabilistically Blindfolded"
15:35-16:00	Emery Cooper, <i>Caspar Oesterheld</i> (Duke University) and Vincent Conitzer: "Can CDT rationalise the ex ante optimal policy via modified anthropics?"
16:00-16:30	Coffee break

16:30-17:10	Ondrej Majer, Academy of Sciences of the Czech Republic: “Functional completeness of a propositional fragment of Independence Friendly logic”
17:15-17:40	Michael Cohen, Tilburg University: “Imperfect-recall, evidential partition, and Monty Hall”
17:45-18:10	Joep van Sloun, Maastricht University: “Rationalizable Behavior in the Hotelling Model with Waiting Costs”
18:20-19:00	LOFT Business Meeting

THURSDAY, 27TH JUNE

LOCATION: GWI H26

10:00-10:40	Vojtech Kovarik (Carnegie Mellon University), Caspar Oesterheld and Vincent Conitzer: “Recursive Joint Simulation in Games”
10:45-11:10	Stephan Jagau (University of Nottingham) and Christian Bach: “An Additive Equilibrium Theory for Admissibility in Games”
11:15-11:40	Christian W. Bach (University of Liverpool) and Andrés Perea: “Distributional Characterization of Bayesian Equilibrium”
11:40-12:00	Coffee Break
12:00-12:25	Hannah Pillin, Ludwig Maximilian University of Munich: “Fragmented justification”
12:30-13:10	Dominik Karos (Bielefeld University) and Marieke Pahlke: “Knightian Equilibria in Activism Games”
13:10-14:10	Lunch break
14:10-14:35	Steven Kuhn and Eric Pacuit (University of Maryland, College Park): “ <i>Advocacy Games</i> ”
14:40-15:05	Lorenzo Bastianello (Ca' Foscari University of Venice) and Mehmet Ismail: “Rationality and correctness in n-player games”
15:05-15:35	Coffee break
15:35-16:05	Boning Yu, University of Maryland, College Park: “Communication and Biased Evidence”

16:10-16:35	<i>Emiliano Catonini</i> , NYU Shanghai: “Interim-Stage Communication”
16:40-17:05	<i>Masayuki Tashiro</i> , University of Maryland, College Park: “Weak Explicit Beliefs”
19:00	Conference Dinner

FRIDAY, 28TH JUNE

LOCATION: INF H 34

10:00-11:05	Keynote talk: Julia Staffel, University of Colorado: "Bayesian Double Standards: How To Model Logical Learning"
11:05-11:25	Coffee break
11:25-12:05	Evan Piermont and <i>Peio Zuazo-Garin</i> (NYU Shanghai): “Misspecified Information in Dynamic Environments”
12:10-12:50	<i>Steven Kivinen</i> , University of Graz: “Group Manipulation with Indifference”
Afternoon	Hiking activity
